JavaScript Interview Question

How to empty an Array?

Assign empty array

Setting length property to 0

```javascript
1   //assign an empty array
2   let myArray = [1, 2, 3, 4, 5];
3   myArray = [];
4
5   //setting length property 0
6   let myArray = [1, 2, 3, 4, 5];
7   myArray.length = 0;
8
9   //splice method to remove elements
10  let myArray = [1, 2, 3, 4, 5];
11  myArray.splice(0, myArray.length);
12
13  //using loop and pop
14  let myArray = [1, 2, 3, 4, 5];
15
16  for(let i = myArray.length; i >= 0; i--)
17  {
18      myArray.pop();    //pop method to remove array elements one by one
19  }
```

Remove elements using splice

Use loops
